

# WHAT WE DO

# THE SIMPLE ANSWER IS... A CHURCH PLANTING ORGANIZATION

- ✓ We began in **1980** as a standing committee of the Missouri Christian Convention. Though we're now an **independent** organization.
- ✓ Over the last **32 years** we have either directly planted or assisted in planting **30 churches**.
- ✓ We care currently have **2 active projects**, Cornerstone Christian Church in **Bowling Green**, and Golden Valley Christian Church in **Clinton**.

## **SOME OF OUR CHURCH PLANTS**

**Callaway Christian Church – Fulton, MO**

**Warrenton Christian Church – Warrenton, MO**

**Rocky Fork Fellowship – Hallsville, MO**

**Ashland Christian Church – Ashland, MO**

**Christ's Mission Church – St. Robert, MO**

**St. Clair Christian Church – St. Clair, MO**

**Legacy Christian Church – Lees Summit, MO**

**Restore Community Church – Kansas City, MO**

# HOLTS SUMMIT, MO

Holts Summit is a bedroom community for Jefferson City, one which has experienced a **30% growth** in population in the last decade, making it one of the fastest growing cities in the region.

# ROGERSVILLE, MO

Rogersville is a bedroom community for Springfield, one which has experienced a **104% growth** in population in the last decade, making it one of the fastest growing cities in the entire state.

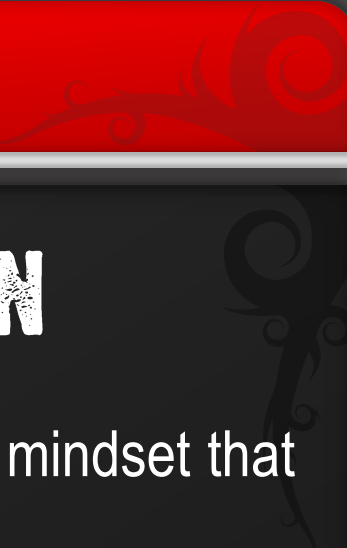

# OUR CHALLENGE IS TO GET PEOPLE TO THINK MISSIONALLY

- ✓ To think **missionally** on a local level.
- ✓ To plant Gospel centered missional churches **that in turn plant** Gospel centered missional churches.
- ✓ These churches are specifically designed to have a **D.N.A.** that is geared towards church planting.
- ✓ **Divine Truth, Nurturing Relationships, Apostolic Mission.**

## MULTIPLICATION VS. ADDITION

- ✓ When it comes to planting churches we need to have a mindset that is **focused** on **multiplication** rather than **addition**.
- ✓ With addition we add only a **limited number** of new churches.
- ✓ Through new church multiplication that number is **exponentially higher**.

$$a^2 + b^2 = c^2$$

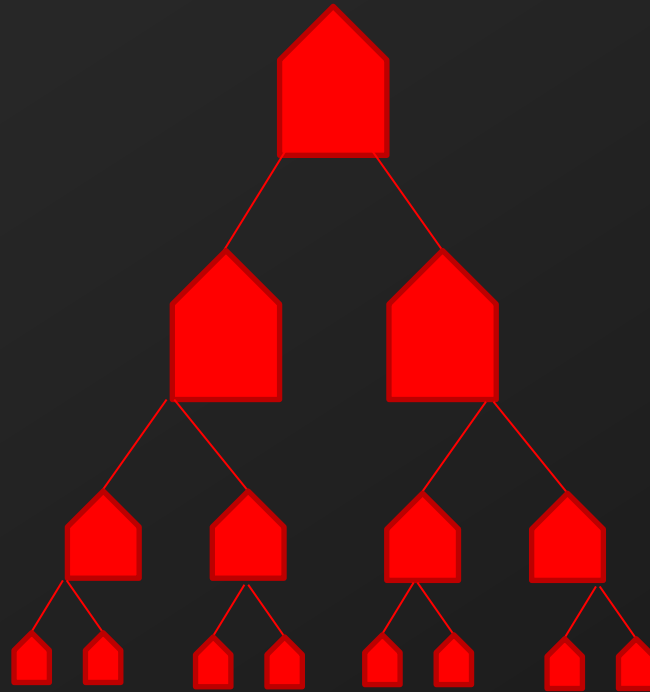

## ADDITION

**4 NEW CHURCHES**

# MULTIPLICATION

**15 NEW CHURCHES**

# ADDITION

- ✓ There is only **one aspect** of church planting mathematics where “addition” is **valuable**.
- ✓ When planting churches we need a process that is **simple, cost effective and reproducible**.
- ✓ **Simple + Cost Effective = Reproducible.**

*“For the earth will be filled with the knowledge of the glory of the Lord, as the waters cover the sea.” (Habakkuk 2:14 NASB)*

# 100 PERCENT INVOLVEMENT!

- ✓ To mobilize the church for effective church planting we must recognize the need for **total involvement**.
- ✓ The Lord of the harvest has indicated that **our mission** would last until the **end of the age**.
- ✓ His command wasn't simple to **occupy** until He comes, but to **conquer**, to make **disciples of all nations**.
- ✓ The urgent nature of this command is exemplified by our current **endeavors**, in that we seek to be **doers of the Word**.

## SO WHAT IS THE COST?

# TIME, TALENT, TENDER

- ✓ Our goal is that every church, regardless of **size, age, or financial ability** will commit to **share the responsibility** for evangelism via church planting.
- ✓ To undertake such a task is an **expensive proposition**. It takes between **\$50,000 - \$60,000** in **startup costs** to plant a church.
- ✓ This is a work that requires a great investment, but on such an investment, the **returns are immeasurable**.
- ✓ For we cannot place a price tag on **salvation!**

# THE I-MOVE-MO INITIATIVE

- ✓ Commit to partnering with us for **\$10** dollars a month for **12** months.
- ✓ Our initial goal is to **secure 500 partners** for this task.
- ✓ This will give us the start-up funds for **1** new church plant.
- ✓ Do it as an individual, do it as a youth group project!
